

Our college celebrated **National Science Day** on **28th February 2026** with great enthusiasm to promote scientific awareness among students. The program was organized by the College Science Club, and the Chief Guest for the event was **Mr. Sathish Kumar**, Assistant Director, Ministry of MSME, Government of India, who delivered an inspiring speech about the importance of science and innovation in modern society.

Various Events such as Project Expo, Product Development, Medical Plant Expo, AI-Predictive Futures Simulator were conducted as part of the celebration. Students from different departments actively participated and showcased their talents and creativity.

We are proud to mention that **students from our department participated and secured prizes in several events** and brought recognition to the department.

1.S.Atham Kasim and A.Mahaideen Irfan – Second Prize in Project Expo

2.G.J.Sivajith

- First Prize in AI-Predictive Futures Simulator

Their achievements were appreciated by the faculty and the Chief Guest. The celebration concluded successfully with prize distribution and words of encouragement for students to continue exploring the field of science.
