

On 21 **November 2025**, the **II Year EEE students** had the opportunity to visit **Kerala Electrical and Allied Engg. Co. Ltd, KELTRON (Kerela State Electronics development and Corporation Ltd.** where they explored advanced technologies, Industry-standard tools, and gained insights into the company's mission and operations.

We are deeply thankful to our **Honourable Chairman, Respected Pro-Chairman, and Managing Director** for their unwavering support. We also express our gratitude to our **Respected Principal, Vice Principal, and HOD** for their guidance, which ensured that the visit was both informative and inspiring for all students.
