

**Department of Electrical and Electronics Engineering**  
**IEEE Student Branch**

**Awareness Program on Energy Conservation**

An awareness program on **Energy Conservation** was successfully organized by the **Department of Electrical and Electronics Engineering** in association with the **IEEE Student Branch**. The program was delivered by **Dr. T. A. Sivakumar, Professor / EEE**, on **15.12.2025**.

The session emphasized the importance of energy conservation, efficient utilization of electrical energy, and sustainable practices in modern power systems. The program created awareness among students about reducing energy wastage and adopting energy-efficient technologies for a sustainable future.
