

DEPARTMENT OF CIVIL ENGINEERING
ASSOCIATION EVENTS 2024-2025

Department of Civil Engineering National level technical Symposium CINFRA'24 Report:

The Department of Civil Engineering of RCET has organized “A National Level Technical Symposium” CINFRA24 on 11.11.2024 @ Grand Arena. Our honorable Chairman Shri. K. Neelamarthandan, Pro-chairman Dr. N. Neela Vishnu, Managing Director Dr. V. M. Blessy Geo has graced the programme. The function started with Tamilthai Vazhthu and Lighting the Kutthuvilakku by Dignitaries. Our respected Head of Civil Engineering Department Dr. J. Sahaya Ruben welcomed the gathering. Then the presidential address was given by our respected Principal Dr. R. Rajesh. Dr. Sundarabalan V B, Former Research Scientist, NASA and Senior ML Scientist, Geosensing and imaging consultancy Pvt.Ltd attended the program as the Chief guest and shared his thoughts. The chief guest imparted about the Advanced Innovation in Engineering and disaster management. The department magazine construct'24 was released by the chief guest in the presence of Principal, HOD and all the faculties. The academic toppers of Second, third and final year students were honoured in the program by the chief guest and principal. Technical events such as Paper Presentation, Technical Quiz, Puzzle hunt, Code cracking, CAD modeling and various Non-technical events were conducted in different venues. Around 70 students from various colleges have participated in the symposium. Prize distribution and valedictory function was conducted on the afternoon section. Winners of various events were honored with certificates and prizes. Final year student Esther sajitha delivered the vote of thanks.

II YEAR INDUSTRIAL VISIT-17-02-2025

The Department of Civil Engineering of RCET has organized one-day industrial visit to Thamirabharani Concrete Plant and mukudal dam on 17th February 2025. The student got practical knowledge in the concrete manufacturing process. Totally 51 students have visited the industry and mukudal dam. Being students of Civil Engineering, this visit can help in better understanding of various concepts in the field of ready mix concrete and water supply system.

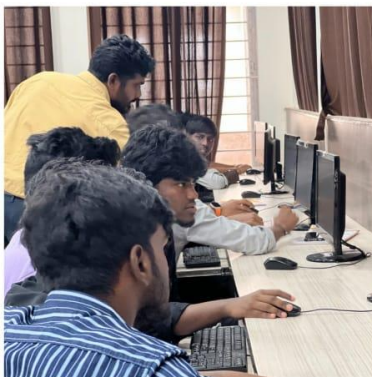

The 10th graduation day and Alumni meet was conducted on 08-03-2025 for 2020 -2024 batch. Totally 90 UG graduates and 14 PG graduates were received their convocation. After the convocation ceremony 2020-2024 Pass out students were participated the alumai meet and share their ideas and feedback for the development of the College.

Value Added and Skill Development Program (Rivet Architecture)

Date :18-03-25 to 22-03-25 (5days)

Department of Civil Engineering of Rohini College of Engineering and Technology hosted the 5-day value added and skill development course on "Rivet Architecture" was conducted for II YEAR Civil student's from 18-3-2025 to 22-3-2025. Totally 52 students were participated in the program. The value added and skill development program was provided by BIM CADD, Nagercoil. The program was very useful for the Civil Engineering students. The students learn about the Building Information Modelling (BIM) also develop the skill in 3D architecture models including all the structural elements.

Value Added and Skill Development Program

(Advanced land surveying with total station)

Date :19-03-25 to 26-03-25 (6 days)

Department of Civil Engineering of Rohini College of Engineering and Technology hosted the 6-days value added program on "Advanced land surveying with total station" was conducted for III YEAR Civil student's from 18-3-2025 to 22-3-2025. Totally 53 students were participated in the program. The value added and skill development program was provided by Gideon Surveying Academy, Nagercoil. The program was very useful and informative for the Civil Engineering students. The students learn about the Surveying and mapping for precise measurements of angles and distances, enabling tasks like boundary surveys, topographic mapping, and construction layout.
