DEPARTMENT OF CIVIL ENGINEERING

SHORT PROJECT TO UNDERSTAND CONTOURS THROUGH PARTICIPATORY LEARNING

A “CONTOUR TERRAIN ANALYSIS “ Participatory learning program was conducted by Prof.R.K.Aswini and how contours are drawn and how to analyse the various layers such as slope, surface drainage, etc. Aspects such as Contour analysis, Physical Model of Landform and Manual Mapping techniques are explored in this event.

The Students got the knowledge on “CONTOUR TERRAIN ANALYSIS “ using with making models and miniatures out of foam boards and soft boards.

Mainly concentrated on evolving concepts through models.

SUBJECT:CE3351/SURVEYING ANDLEVELLING

FACULTY IN CHARGE :

R.K ASWINI

II YEAR CIVIL ENGINEERING STUDENTS(2024-25 BATCH)
